GENDER AUDIT REPORT

15/07/24
Principal
Narajole Raj College
Narajole, Paschim Medinipur

2021-2022

Introduction:

A gender audit informs institutes on how to reduce the gender gap. Gender equality pursuits of equal rights and opportunities for all individuals regardless of their gender. Fostering gender audits help in strengthening women's empowerment as a collective process, acting on the whole system of relations in which women are embedded.

Background of the College:

Narajole Raj College was established way back, on September 12, 1966. Located in remote Paschim Medinipur (then undivided Midnapore) district of West Bengal, The College was the dream child of a group of magnanimous minds, led by Rani Anjali Khan (of renowned Khan Dynasty, erstwhile rulers of the area and contributors to the Indian freedom movement), renowned political activist, Shri Rajanikanta Dolai and social activist, Shri Radhayashyam Mondal. The college began functioning with 6 teachers, 5 non-teaching staff and 30 students.

The institution was growing continuously catering to the needs of the rural students and the society. The residential quarters of the palace building from where the College started its journey was proving to be inadequate. Thus, the institution, with the help and support of the locals had managed to acquire their own property and began constructing a building there. Thus the College had its new campus and gradual shifting from the old campus to new campus was planned.

Policy of Gender Audit:

- Non-Discrimination: No gender-based discrimination shall be tolerated in the institution.
- Equal Opportunities: The institution provides equal opportunities for all genders.
- Freedom of Expression: All genders have the right to express their opinions freely.
- Grievance Redressal: An accessible, unbiased, and confidential cell (Internal Compliance Cell) is available for addressing gender-related grievances.
- Safety and Security: The institution ensures the safety and security of all genders.
- Inclusivity and Sensitization: The institution promotes gender inclusivity and awareness.

The objectives of Gender Audit are:

- ❖ To find out the areas where gender gap exists and to investigate the factors behind the gender gap.
- ❖ To establish good gender balance in decision-making processes in all areas of the college activities.
- ❖ To suggest measures for bridging the gender gap.
- ❖ To Foster gender equality in all aspects of college community.
- ❖ To see the work and capacity for prevention of sexual harassment at the college.

Summary of Observations:

- ❖ The Gender Audit Reports (2021-2022, 2022-2023, 2023-2024) show that female students, both in the Undergraduate and Postgraduate Courses oversize the male students.
- ❖ Number of female Teacher Convener is also increasing.
- ❖ These are, no doubt, exhibit the trend of lessening gender gap.

Conclusion:

Gender audit of the college makes clear that the college has much strength and some limitations. The limitations can be reduced with gradual changes.

The Cultural Committee, the NSS Units organize cultural and awareness programmes on women's issues, celebrate International Women's Day, International Human Rights Day to involve and educate our students. Introduction and functioning of the Day Care Centre with a care -giver provides space for the little and young children which opens a new avenue for the working mother staff and teachers to perform their duties freely during working hours. With the strong will power and commitment to gender equity Narajole Raj College would certainly make a mark in gender justice.

In this backdrop, our institution is also trying to sensitize the students, especially the girl students, to capture the equilibrium of social equality. Keeping this aspect in thought, along with their regular syllabus-oriented studies, institution decides to empower the girl students in each viable manner. We must agree that, monetary independence is a vital situation of being empowered. So, we like to facilitate and enlighten our students with numerous concepts of employability. In India, the scope of employability in regular office job is shrinking daily. So, it is the high time to widen our imagination and prescient with comparatively new ideas. We thought, entrepreneurship can be a non- traditional path to explore the ideas and abilities of our girl students. A two-day workshop on, - 'Women Entrepreneurship: Extraordinary journey of ordinary women'- targeted the girl students of our under graduate level to equip themselves with a concept of entrepreneurship. The two-day workshop is an approach to open up the career-building concepts of our participants.

Concept note:

Women's empowerment and achieving gender equality is essential for our society to ensure the sustainable development of the country. Many world leaders and scholars have argued that sustainable development is impossible without gender equality and women's empowerment. Sustainable development accepts environmental protection, social and economic development, and without women's empowerment, women wouldn't feel equally important to the process of development as men. It is widely believed that, the full participation of both men and women is critical for development. Only acknowledging men's participation will not be beneficial to sustainable development. In the context of women and development, empowerment must include more choices for women to make on their own. Without gender equality and empowerment, the country could not be just, and social change wouldn't occur. Therefore, scholars agree that women's empowerment plays a huge role in development and is one of the significant contributions of development.
